CABLE LETTER.

The Campaign Against the Lords—
Opinions of Some of
the Peers.It Has Gone too Far—Coffers of the
Liberal Party Almost
Empty.

LONDON, Aug. 25.—Many members of the majority in the House of Commons will refuse to address the voters in the Fall campaign throughout the country because the ministers have not pledged themselves to attack the House of Lords and its power of veto. Such refusals have seldom, if ever, been given before for, whatever the discontent in Parliament may have been, the ministers have not allowed it to interfere with their party duty during the recess. The reason given by the ministry for not declaring its policy

AGAINST THE HOUSE OF LORDS

is simply that it has none. The cabinet is divided on the question. Rt. Hon. John Morley, chief secretary for Ireland, H. H. Fowler, secretary for India, Lord Spencer, first lord of the Admiralty, and Arthur Ashland are prepared to abolish the Lords' veto power. Lord Kimberley, of the Foreign office, Postmaster-General Arnold Morley, Lord Herschell, the lord chancellor, and the Marquis of Ripon, colonial secretary, prefer a less radical policy. Lord Rosebery, Sir Wm. Harcourt and Mr. Asquith, the leaders in the cabinet, simply sit on the fence and invite the rest to join them there. They wish to drop the question for the present, and undoubtedly have cogent reasons for ignoring the issue. Some of these reasons are purely tactical. All three ministers are reported to have said that it would be impossible to deal drastically with the Lords before a measure for the payment of members should be enacted by the Commons, or at least provision should be made to pay election expenses from the public funds. The condition of the treasury is another argument for reticence. The party's coffers are almost empty. Very few rich men are left in the organization and they are steadily growing fewer in consequence of the party's drift toward Socialism. Although this drift is more noticeable among the labor Liberals and Radicals, it is believed to be involving the other elements of the organization. Heretofore the rich Liberals have been in the habit of making large annual donations to the party purse from which the expenses of the poorer candidates were paid. This has been seriously disturbed by the importunate demands of the Radical press for

AN ADVANCED PROGRAMME.

Presumably the result of the radical agitation will be that there will be plenty of Liberal, Radical and Labor candidates, but no money to pay their election expenses. Many Liberals of the middle class are anxious for a compromise programme. They regret the increasing political divergence of rich and poor, and are opposed to the proposed surrender to the extreme elements in the party. The Hyde Park demonstration against the House of Lords to-morrow is not likely to put them or the party leaders in better temper. There has been much internal bickering over the management of the affair. Many English radicals refuse to take part in the meeting, pretending that they need a rest after the exhausting work of the parliamentary session. The Irish Commons who had promised to appear on the platform then threatened to stay away unless more English members should accompany them. The English promised sulkily to reconsider their refusals. They will go but not willingly.

THE RESOLUTION

which will be proposed at every meeting in the Park is substantially as follows: "We regret that the government have been unable to give any definite pledge to take immediate steps to abolish the mischievous and useless hereditary chamber. We call upon all the electors of the United Kingdom to refuse to support any candidate who will not pledge himself to advocate such steps."

THE INDEPENDENT LABOR PARTY

threatens to amend this resolution with a declaration that the House of Commons needs reforming more than does the House of Lords. The executive committee say that they will not allow this amendment to be submitted.

The British manufacturers of armament and ammunition resent greatly the stringent enforcement of the foreign enlistment act in view of the Chinese-Japanese war. It seems that both China and Japan are ordering warships and ammunition from firms in the United Kingdom, and that each is laying information at the Foreign Office against the other.

Publisher Heinemann has asked for subscriptions to a fund for the support of the late Major LeCaron's family. The profits from LeCaron's book concerning his work as a government spy were small and his widow is in want.

TORONTO TOPICS.

Great Falling Off in Ontario Crops.

TORONTO, Aug. 25.—(Special)—The London Guarantee and Accident Insurance Co. has received word that A. F. Spring, manager of the Western Bank at Penetanguishene, Ont., has fled the country, and that his books reveal a shortage of between \$3,000 and \$4,000. Spring became manager of the bank about eighteen months ago. Speculating in stock caused his downfall.

The creditors of James Eaton & Co. met yesterday afternoon. The report showed total liabilities \$134,806 and total assets \$116,051.

The Ontario government crop bulletin says the excessive drouth, especially over a large western area, caused a great falling off in some crops. Considerable damage was done in the midland counties.

Are you troubled with a tired feeling? Try Eesley's Liver Lozenges.

Children's Sailor Blouses in cream serge, navy serge, Galatea stripe, etc. See them, at Reid's, 122 Government street.

SEALERS' INDEMNITY.

A Convention for Settlement Agreed to Between the U. S. and British Authorities.

WASHINGTON CITY, Aug. 25.—Secretary Gresham and Sir Julian Pauncefote, British ambassador, have agreed upon a convention providing for a commission to consider the amount of damages to be paid by the United States for seizing twenty Canadian sealers who were more than three miles from land, from 1886 to 1890 inclusive. It is understood that the president would like to have the proposed convention approved by the senate before the close of the present session.

A THOUSAND LIVES.

Terribly Disastrous Cyclone on the Sea of Azoff—Fearful Loss of Life.

ST. PETERSBURG, Aug. 25.—A terribly disastrous cyclone swept along the shore of the sea of Azov to-day, working immense damage. In some instances entire villages were swept into the sea. Many steamers were sunk or driven ashore and wrecked, and it is believed that at least one thousand persons perished.

CAPITAL NOTES.

Arrival of the British Columbia Rifle Team—Concerning Measures of Capacity.

Monument to the Victims of the Spring Hill Explosion—British Neutrality.

(From Our Own Correspondent.)

OTTAWA, Aug. 25.—The British Columbia rifle team, flushed with their success at Toronto, have arrived here in splendid shape for next week's matches. The atmosphere is a little clearer to-day.

The rates for verifying Dominion measures of capacity made of wood have been increased.

Sir John Thompson and Sir C. H. Tupper have been invited to attend the unveiling of the monument at Springfield, N. S., erected to the miners who lost their lives by an explosion in 1891.

The neutrality proclamation of Great Britain in reference to the Eastern war, imposes a heavy penalty on British subjects aiding or seeking to aid either of the belligerents.

IMPERIAL PARLIAMENT

Formally Prorogued by Her Majesty
—The Speech From the
Throne.Review of the Business of the Session
—A Very Important
Record.

LONDON, Aug. 25.—Parliament was formally prorogued to-day with the following speech from the Throne:

My Lords and Gentlemen:—It affords sensible gratification to be able to dismiss you at the end of a session which has been little less than a prolongation of previous ones, and it gives me pleasure to reflect that your labors, if they have been exhausting, have been fruitful. I am confident you share in the joy which birth to a heir in the third generation to my throne, an event not merely propitious but unprecedented in the history of this country. My relations with foreign powers continue friendly and peaceful. It is, however, matter of regret that the variety of questions relating to Africa between my government and the French republic still remain unsettled. It is my wish that these be arranged without delay, and I am engaged in friendly negotiations looking thereto. In concert with the President of the United States, I have taken the steps necessary to put into effect the award of the tribunal of arbitration on the question of seal fisheries in Behring Sea, and have assented to an act of parliament for this purpose similar to the act which has been passed by the congress of the United States. The government of the two countries are also in communication with the principal foreign powers with a view of obtaining their adhesion to the regulations prescribed by the award. I regret to state that war has broken out between China and Japan. After endeavoring in concert with Russia and other powers to prevent an outbreak of hostilities, I have taken steps to preserve strict neutrality between the contending parties. I have concluded a treaty with the emperor of Japan for the regulation of commercial intercourse between that country and the United Kingdom.

A conference was held at Ottawa in June, at which there were representatives of the Imperial government, the Dominion Cape and the Australian colonies to consider questions relating to the intercolonial tariffs and communication. I have learned with satisfaction that the proceedings of the conference were of a character calculated to strengthen the union of the colonies concerned, both among themselves and with the Mother Country.

Gentlemen of the House of Commons:

I thank you for the liberal supplies which you have provided for the requirements of the public service, though I lament the necessity of increasing the burden of taxation, but it had become indispensable for the security of the empire. I trust that the alteration which you have made in the fiscal system of the country and to which the greatest part of this session has been necessarily devoted, will have the effect of materially alleviating all that portion of the burden which falls upon the less wealthy class of the people and may tend to the contentment and prosperity of the nation at large.

My Lords and Gentlemen:—While the tranquility of Ireland has been maintained in a remarkable degree, certain social administrative difficulties still exist, which continue to engage the earnest attention of my government.

The Bank Exchange Dining Parlors.
The coolest and cosiest place in town. Ice Cream.

THE FATHERLAND.

Fewer Displays of Antagonism to
France—Tendency Towards
Conciliation.Alsatian Provinces—Proposal to Make
Them States With a Heredi-
tary Sovereign.

BERLIN, Aug. 25.—The most notable feature of the holiday season has been the complete lack of articles and speeches hostile to France. In former dull seasons, some frontier incidents and traditions of international hatred have been thoroughly revived, but no traces of such diversions have been apparent this year. Moreover, since the Emperor pardoned the two French spies and thus manifested his sympathy with France at the time of Carnot's assassination, several writers and politicians of high influence have taken to expressing their good will to the French government. The fact that France seems willing to believe these expressions has encouraged the Germans, who do not wish to pass all their lives at enmity with their western neighbors. The movement is gaining adherents rapidly. The common antagonist of both people is anarchism and the fight against them is supposed by many to open the way to mutual regard and respect, if not confidence. The prospect is in many particulars chimerical, yet it gets the semblance of reality from the Emperor's endorsement. He and his government are working as earnestly as did Prince Bismarck to improve the relations between Paris and Berlin. Of course the great obstacle is the reichstag.

By a curious coincidence some new light has been thrown on the subject of the annexed provinces by an article in the current number of the Deutsche Revue. Herr Schneegans, formerly a member of the reichstag for an Alsatian district, and now German consul in Geneva, is the author. He discloses a plan which Bismarck once proposed, making the territory a federal German state, with each successive Crown Prince as hereditary sovereign. Bismarck discussed this plan in 1878 with several Alsatian deputies. It was originally suggested that the Crown Prince Frederick, later Emperor Frederick, be appointed Imperial Lieutenant in Strasbourg, but Bismarck demurred, saying that a mere personal appointment would not suffice. The office should be hereditary. He said otherwise they would continue to be governed from Berlin, while it was desirable that the provinces should be self-governing. Bismarck thought that the people of Alsace and Lorraine would be much more likely to become good Germans than good Prussians. Schneegans related that Bismarck's plans was dropped owing to the attempts made in May and June, 1878, on the Emperor's life. In 1879 Bismarck told Herr Schneegans that it was all up with the matter as the Emperor in his advancing years, and especially after the attempts to kill him, would be determined to keep his son and heir near him. The towns of Schwalm and Walderbrunn, in the Vogelberg mountains in Hesse were wrecked to-day by a heavy wind storm and water spouts. The towns were flooded and trees were snapped off or torn by the roots. At Oberohorn, a cart together with the horses attached and the driver were lifted some distance in the air by the wind, and then dashed to the ground. The driver and horses were killed.

CANADIAN NEWS.

(Special to the COLONIST.)

A Female Globe Walker.

HAMILTON, Ont., Aug. 25.—Miss Zoe Gayton, the female pedestrian, left for Detroit this morning on foot. She will take the train at Detroit for Portland, Oregon, from which point she will start on her tramp around the world.

A Canadian's Appointment.

KINGSTON, Ont., Aug. 25.—Mr. George Osborne's son, a graduate of the Royal Military college, has been ordered by cable from the war office to report at Chatham, England, September 8. Sergeant-Major Morgans, of the Royal Military college, who was defeated in the fencing contest at Halifax last evening, will challenge Sergeant Kelly to meet him here.

Sunday Observance Meeting.

HAMILTON, Aug. 25.—The Sunday Observance Association will hold a public meeting on Thursday evening to protest against the desecration of the Sabbath by running boats, cars, etc. Organization work is going on, and the association is hopeful of making a successful crusade against the big corporations which are breaking the Sabbath.

An Old Resident Gone.

BELLEVILLE, Aug. 25.—William B. Kemp, an old and respected resident of Belleville, died yesterday morning, aged 65 years. He was well known as one of the largest mail contractors in Canada. He, in company with Mr. Thompson of this city, opened up the mail route between Port Arthur and Winnipeg.

Hon. Mr. Fraser's Funeral.

BROCKVILLE, Aug. 25.—The body of the late Hon. C. F. Fraser reached here from Toronto early this morning. The funeral takes place to-morrow. Sir Oliver Mowat and a number of ministers will attend.

THE CZAR AN INVALID.

His Physicians Uneasy as to the Condition of His Health.

BERLIN, Aug. 24.—An additional reason given here for the countermarching by the Czar of the order for the Russian army manoeuvres at Smolensk, is that the Czar's physicians have expressed a very strong wish that His Majesty should subject himself to as little fatigue as possible because of the unsatisfactory condition of his health.

Easy cutting and no crumbs, when using Christy Bread and Cake Knives. For sale at Fox's, 78 Government street.

Everybody likes candy. Nobody likes nauseous pills. Try Eesley's Liver Lozenges.

NEWS OF THE PROVINCE.

Salmon Cannery Have Begun Paying Off and Others Will Follow on Monday.

North Pacific Missionaries in Council—Flour Mill for Three Forks—Fruit Yield.

(Special to the COLONIST.)

VANCOUVER.

VANCOUVER, Aug. 25.—The North Pacific missionaries have been waiting for the arrival of Rev. P. S. Baring Gould, the new secretary of this district, who reached here yesterday when the little band of self-sacrificing Episcopalians formed themselves into a conference and proceeded to business. The missionaries present: Archdeacon Callison, of Kinkolth, a station close the Alaskan boundary; Rev. A. J. Hall, Alert Bay; W. Hogan and Dr. Ardagh, of Metlakatla; R. W. Gird, of Kiklatla; Mr. Kuns, of Massette; A. E. Price, of the Upper Skeena; and J. B. McCullagh, from the head waters of the Naas. Archdeacon Callison, the pioneer of the band, read an interesting paper on the work of the mission. The Archdeacon is said to be the first missionary in the far North of British Columbia, and has personally travelled within a radius of 500 miles from Port Simpson. The mission have established a hospital at Metlakatla, and their medical training enables them to attend most of the cases without resort to methods of work. The new testament is translated into the different Indian dialects and printed, as the missionaries have added typesetting to their many accomplishments. They have established mills, churches, school houses, and instruct the Indians in the different mechanical arts. It is thought that in the future preparatory schools for training the Indians for teachers will be started.

Bush fires are growing to an enormous size at North Vancouver, and bridges are reported to have been burned.

The Utopia arrived to-night with 300 tons of freight.

Detectives are in the city looking for Madame Goodman, of San Francisco. She is wanted for alleged criminal practices.

H. Emard, hostler in the Royal stable, called the landlady of the Empire hotel a vile name. The woman threw two large beer glasses at him, striking him in the head, inflicting wounds that may prove fatal. H. M. S. Royal Arthur arrived in port this evening.

WESTMINSTER.

NEW WESTMINSTER, Aug. 25.—Repeated dispatches have been sent to Ottawa by the Board of Trade (and Mr. Corbould, M.P., asking an extension of the sockeye season to the 30th inst., but no reply has been received. A good many canners began paying off to day, and the remainder will begin Monday unless the desired permission to continue fishing comes.

Since being fined for putting off in the river, one of the canneries have been offering 16 cents each for cleaned fish, the fishermen taking the chances of getting into trouble over the disposition of the offal. In slack seasons this plan would work, but not during the big rush.

After September 1 the butchers will sell meat for cash only.

Fruit is coming in very freely and can be bought cheap. Plums, greengages and apples are a heavy yield.

Several hundred Indians who have been working in the canneries went home to-day. They took far less supplies than usual indicating smaller earnings.

NANAIMO.

NANAIMO, Aug. 25.—A public meeting of the Nanaimo Agricultural Society was held to-night in the City Hall to consider a proposition to hold the annual show in Nanaimo this year. The proposal met with unanimous approval. It was decided to hold the show in the public park on the Comox road. Collectors were appointed to canvass for subscriptions. From the tone of the meeting the prospects are that the show will be a great success.

A branch of the Globe Savings and Loan Company has been organized in this city with the following board of directors: A. Haslam, M.P., C. N. Westwood, A. H. Horne, J. W. Sturton and Marcus Wolfe.

On Sunday week there is to be another temperance convention in St. Alban's hall, at which delegates from all the local organizations will be present. Bishop Perrin will be the principal speaker.

Nanaimo's annual Labor Day is not to be observed this year. The local trades unions will take in the celebration at Vancouver.

Yesterday the first annual exhibition of the Nanaimo Amateur Art Association opened at the residence of Mr. Andrew Haslam. The exhibit of paintings would do credit to a place of far larger dimensions.

What promises to be a good seam of coal has been struck in the north drift of the Northfield mine. At present it is impossible to say whether the coal exists in any quantity or not, but the prospects are encouraging.

The marriage of Fred J. Peto and Ethel Theodora, youngest daughter of Rev. Canon and Mrs. Good took place this afternoon. The Lord Bishop of Columbia officiated. Mr. and Mrs. F. J. Peto left for Victoria this evening on their way to Harrison Hot Springs.

A lodge of the I.O.O.F., M.U., was organized at Wellington last evening, to be known as Maple Leaf. Twenty-six members were initiated and officers were elected as follows: H. E. Campbell, noble grand; J. Wilson, vice-grand; D. Moffat, secretary.

An inquest was held this afternoon touching the death of seaman Plat Hansen, late of the Glory of the Seas. The jury found that death was due to heart affection.

VERNON.

(From the News.)

Another brewery is to be started. B. Wehrhitz has rented the premises formerly occupied by the Vernon pump factory, and intends to open up at an early date.

Notwithstanding the reported shortage of crops, new wheat in being delivered at the Enderby mills in average quantity and in fine condition. The mill will start up again next week.

A leprous Chinaman recently taken to the coast caught himself in some hay belonging to Sheriff Pemberton of Ducks. By order of the provincial government the hay has been destroyed and the owner remunerated.

J. A. Manley, owner of about 4,000 acres of land at Grand Prairie, Kettle river, has been spending some time in Chicago, where he made arrangements for a 50 barrel flour mill which he will erect next spring at Grand Forks. He also intends putting in a saw mill.

The fire in the hills back of the B. N.

creak still continues and has done considerable damage. Mr. E. Simmon's house has been destroyed, and it is feared that Mr. Simmon's, sr., has suffered a similar loss. If the wind should change the ranges of Mrs. Greenhouse and the ranges of the B. Y. ranch will be in great danger, and a strong breeze might easily bring the flames into the strip of brush northeast of the city, in which case it would be no easy matter to save some of the residences above Alara avenue.

In response to a request signed by about forty citizens of Vernon, Mayor Martin called a public meeting on Saturday night to discuss the advisability of asking the Hon. Wilfrid Laurier to visit the city during his western trip. His Worship occupied the chair, and after eulogistic addresses had been delivered resolutions were adopted inviting the hon. gentleman to visit this city.

COWICHAN LAKE.

COWICHAN LAKE, Aug. 24.—E. B. McKay, of the Lands and Works department, who is rustiating at Cowichan Lake, on Thursday last shot a very large bear, the head and skin of which he has sent down to Victoria to be mounted. Bears are quite plentiful just now owing to the fact that the salmon running up the river attract them down off the mountains.

CHEAP FRUIT.

California Products Arrive in England Too Ripe to Be Sold at a Profit.

LONDON, Aug. 25.—The first large consignment of California fruit to this country from New York by steamship Paris aroused great interest in England. When N. C. White & Co. commenced to auction shortly after noon, yesterday, at Covent Garden, there were at least 500 buyers present from all parts of England. Examination showed much of it to have been picked too late, and consequently in a ripe condition that it is necessary to sell it to consumers within 48 hours. Other portions of the consignment of fruit were too tightly packed, the peaches having arrived in poor condition, but the nectarines were in fine condition. The grapes and plums are all right, but buyers did not want grapes, because the quality is considered inferior to English. Plums also are not in great demand because the market is glutted. Pear shipments also struck a bad market as 10,000 baskets of French pears were offered to-day. The first lot of California pears fetched 4 and 6 shillings per box. This price is considered very cheap. Later greener pears were offered and prices stiffened to 11 and 12 shillings.

PAUNCEFOTE'S PROMOTION.

He is Likely to Be Next British Ambassador to the Ottoman Empire.

WASHINGTON CITY, Aug. 25.—Sir Julian Pauncefote's call on President Cleveland yesterday morning was informal and exceedingly brief. The ambassador leaves New York for England to-day and will join his family on the continent. As in the British diplomatic service, annual leaves of absence are cumulative, and as Sir Julian has not been away from his post for a considerable time, he has now full four months to his credit. During his term as minister, many of the vexing questions which have stood between the United States and Great Britain have disappeared, and with the agreement reached several days ago between Secretary Gresham and the ambassador in regard to a convention providing a commission to meet at Victoria, B. C., and assess the damages to the Canadian sealers seized several years ago in Behring sea, the last matter of pressing importance between the two countries has reached a settlement. It seems to be believed in English foreign official circles that Sir Julian will be the next ambassador to the Ottoman Empire.

The earlier symptoms of dyspepsia, heartburn and occasional headaches, should not be neglected. Take Hood's Sarsaparilla to be cured.

There has been no more important discovery in medical science during recent years than the invention of Esch's Liver Laxatives. Their discovery is of interest and benefit to nearly every person living.

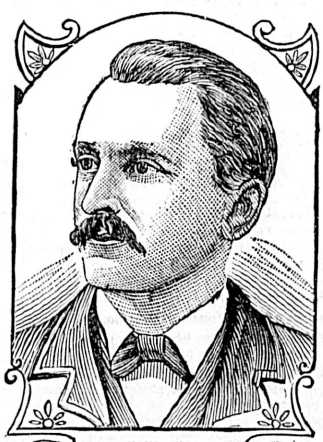

The best fruit kettles, at Chesapeake.

BAD BLOOD CAUSES

A Gentleman

Who formerly resided in Connecticut, but who now resides in Honolulu, writes: "For

20 years past, my wife and I have used Ayer's Hair Vigor, and we attribute to it the dark hair which she and I now have, while hundreds of our acquaintances, ten or a dozen years younger than we, are either gray-headed, white, or bald. When asked how our hair has retained its color and fullness, we reply, 'By the use of Ayer's Hair Vigor—nothing else.' "In 1868, my affianced was nearly bald, and the hair kept falling out every day. I induced her to use

Ayer's Hair Vigor, and very soon, it not only checked any further loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Alarun, Bastrop, Tex.

AYER'S HAIR VIGOR

"HYDE FARM"

SHAWNIGAN DISTRICT

IS A MAGNIFICENT PROPERTY, containing 484 acres, suitable for mixed farming. A large portion of the Farm has formerly been cropped. There are large portions of it that are suitable for Grazing and Dairying Purposes. Now that Hops are likely to become one of B. C.'s profitable crops, a couple of hundred acres of Hyde Farm could be utilized for this purpose. The Farm is supplied with an abundance of water the year round, and water for power can be secured from the falls of the Koksilah River, which stream is the boundary line of the property on one side. Brick Clay, Lime Rock and Bog Iron Ore exist on the Farm, with the prospect of Coal also being discovered. There is plenty of Timber for all purposes, some of it of a merchantable character.

"HYDE FARM"

Is a short distance from the E. & N. Railway Line at either end of the property, and the Victoria and Nanaimo Wagon Road passes through it, therefore it is specially well located for shipping purposes. Excellent Shooting and Fishing is to be had on the property and in the Koksilah River. Deer, Grouse, Duck and Geese abound. In fact Hyde Farm is well located for all practical and pleasureable purposes, and is a chance not often met with for a man of moderate means to secure a small estate, which is sure to become extremely valuable, as the development of the Island progresses. In the meantime its utilization for Mixed Farming or Cattle Raising Purposes would bring in a fair income.

For further particulars, or For Price and Terms, address "HYDE FARM," Colonist Office.

TENDERS.

SALE OF STOCK DRY GOODS. TENDERS

For the purchase of the Stock in Trade, Fixtures, etc., of the business known as the "London House," 608 Columbia street, New Westminster, will be received by the undersigned up to 4 p.m. of Tuesday, August 28th, 1894.

The sale will be on bloc. Particulars of the stock to be had on application to H. A. Gordon, on the premises, where same can be inspected.

Highest or any tender not necessarily accepted.

H. F. CLINTON, Solicitor for Mortgagee.

MORTGAGE SALE.

Under and by virtue of the powers of sale contained in two certain mortgages dated the 17th day of June, 1892, and duly registered at the Land Registry Office at the City of Victoria, B.C., tenders will be received at the office of Dalby & Claxton, 81 Yates street, Victoria, B.C., until noon of Monday, the 27th day of August, 1894, for the purchase of the following property, viz.: Lots numbers 21, 11, 13, 19, 20 and 21, being part of Subdivision Lot 31, Section 74, according to Map 397.

The mortgagees do not bind themselves to accept the highest or any tender.

Dated August 14th, 1894.

BELVEA & GREGORY, Solicitors for the Mortgagees.

Notice to Bridge Contractors.

SEALED TENDERS, properly endorsed, will be received by the Honourable the Chief Commissioner of Lands and Works up to noon of Thursday, 18th September next, for the construction of a bridge across the Thompson River at Ashcroft.

The total length of the bridge will be 660 feet, in which there will be two Pratt Truss Combination Spans of 200 feet each.

Plans and specifications can be seen, and forms for tender and agreement to execute a bond obtained, at the office of the undersigned.

Each tender must be accompanied by an accepted bank cheque for a sum equal to five per cent. of the amount of the tender, made payable to the Hon. Chief Commissioner of Lands and Works. In the event of a contract being let the cheque will be retained as part security for the due performance of the work. The cheque will be returned to unsuccessful competitors, but will be forfeited by any bidder who may decline to execute a contract if called upon to do so.

The lowest or any tender not necessarily accepted.

W. S. GORE, Deputy Commissioner of Lands and Works. Lands and Works Department, Victoria, B.C., 22nd August, 1894. au24-1d

NOTICE.

A COURT OF ASSIZE and Nisi Prius, and of Oyer and Terminer and General Gaol Delivery, will be held under the provisions of the "Supreme Court Act," as amended by the "Supreme Court Amendment Act, 1894," at the Town of Richmond, on Monday, the tenth day of September, proximo, in lieu of the Court of Assize appointed by the said Act to be held at the said town on the 21th day of September, 1894.

"ON TO PEKING!"

Confident Japanese Already Talk of Dictating Terms at the Capital of China.

American Engineers for the Chinese Navy—Active Preparations General—Japanese Set Back.

LONDON, Aug. 25.—A dispatch to the Times from Tientsin says: General Yeh's force of 40,000 men joined the main body of the Chinese troops at Ping Yang on the morning of August 23rd. The retreat from Yashan was a brilliant feat. The heat was intense, and the route lay through a difficult country. In addition to these obstacles, the column was harassed along the whole distance by bodies of the enemy, but notwithstanding all this the march of three hundred and fifty miles was effected in good order, the Japanese lines at Chung Chew being broken.

Officers of the Hongkong & Shanghai bank in this city entirely discredit the report that China attempted to raise a loan of £1,000,000 upon the security of the Chinese merchant fleet. It is reported that China is negotiating with Birmingham firms for a large supply of war material. Her agent intends to ship the supplies to some Spanish or South American port and thence transport them to China.

SHANGHAI, Aug. 25.—Seven Japanese in Chinese dress were arrested in this city today. It is stated that they will be driven from the country, but should more rigorous measures be taken it will cause no surprise. Chinese activity in hunting down Japanese spies is daily growing, and according to Chinese statements the Japanese government agents are thickly scattered along the entire coast. Throughout China the Japanese are harshly treated. Many said to have been spies were beheaded on the Island of Formosa.

A letter from Chemulpo reported that nineteen Japanese warships and thirteen transports arrived on the Tatung river on the 18th inst. Six thousand men who proceeded to land were attacked by 1,000 Chinese cavalry, who succeeded in dividing the Japanese forces in two parts. The Chinese artillery, located on an eminence, poured a heavy fire into the ranks of the Japanese and made great havoc. The Japanese were compelled to retreat to the seashore, where the guard of the fleet prevented further pursuit by the Chinese. The Japanese loss is reported to have been over 1,300 men.

YOKOHAMA, Aug. 25.—A Japanese fleet is patrolling the China sea for the purpose of intercepting the Chinese vessels and preventing any shipments of rice from going north. The Japanese troops in Korea number, it is estimated, between 35,000 and 50,000. Large numbers of reinforcements were forwarded by rail today.

Active military preparations continue upon the part of Japan. Reinforcements are being rapidly advanced to the front. News has been received here that 10,000 Chinese troops are about to make an advance upon Seoul.

The harbor at Nagasaki is defended by torpedoes and submarine mines. Neutral vessels will be piloted in by boats from Japanese warships.

One of the papers says that after reducing the Chinese government to submission, "it should prove incapable of insuring a new epoch of progress and improvement, or when there is danger of internal commotion or foreign intervention, Japan should take upon herself the responsibility of undertaking the reform of China, just as she is now doing in Korea."

The general sentiment prevailing in Japan appears to be in favor of pacification and reform of Korea, and not its possible annexation. It is the understanding that the government intends to push her troops straight for Peking. The sudden appointment of Mr. Kurino as minister to Washington is construed by the vernacular press to be connected with the Korean affairs.

Many Chinese have attempted to disguise themselves. The owners of a Chinese lottery have, it is reported, let their hair grow, cut off their eues and adopted the Japanese costume. Speculation is rife here as to what demands should be made on China after she is defeated, for that end is accepted as a surety. One newspaper says China should be made to pay an indemnity of 50,000,000 yen in gold, while another hopes that China will be compelled to promise not to interfere in Korean affairs and that the island of Formosa will be ceded to Japan.

TIENSIN, Aug. 25.—Reports from Piyang say that the troops at Chungyoo from August 18 to 20 were reinforced by 10,000 men, swelling the army there to 34,000. A council of war held on the 20th, and it was decided to attack the Japanese on about the 23d. The Japanese are holding a pass about eight miles south from Chungyoo. It is reported they are re-embarking their heavy baggage in Tatung bay. Chinese cavalry are scouring the country, and have captured and beheaded 100 stragglers.

SAN FRANCISCO, Aug. 25.—Lieutenant Francis L. G. Harden, late of the British naval reserve of New Zealand, who was deported from Hawaii for aiding the revolutionists, and who recently offered his services to the Chinese, was yesterday called before the British consul and given warning to keep out of the Korean affair. In speaking of the incident last night he said: "I was called before the consul and shown a royal proclamation which the Queen and privy council issued from the palace at Osborne on Aug. 18, by which all British subjects are forbidden to aid outside belligerents inside or outside of British territory. It recites that outside neutrality will be preserved at all costs."

PORT TOWNSEND, Aug. 25.—The work of securing engineers and firemen from Puget Sound to go to the Orient in a vessel of the Chinese navy has been inaugurated by Wah Chung, a millionaire merchant and Chinese employment agent of Seattle, who has addressed several unemployed men in this city asking whether or not they were willing to go to the Orient. The agent guarantees good salary and the payment of all the expenses of the trip, salary to begin the day of departure. The secrecy thus far maintained has prevented interference with the scheme on the part of the U. S. authorities, and the men secured will, it is expected, leave as first class passengers on the next steamer sailing from Vancouver for the Orient.

A Grand Feature

Of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me. It overcomes that tired feeling so common now."

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

SPECIAL facilities for making blank books. R. T. Williams, 28 Broad street.

FOR HAWAII DIRECT.

Two Vessels Loading at Seattle With Pacific Coast Products.

SEATTLE, Aug. 25.—For several years attempts have been made to secure subsidies for a direct line between this city and the Hawaiian islands, and some months ago Mr. T. J. King, manager of the California feed company of Honolulu, had a quantity of bran, oats, etc., shipped from various points in Washington to Vancouver and there transferred to the Canadian Pacific steamers for Australia. Though the Canadian Pacific gave very reasonable rates, they could not compete with sailing vessels leaving San Francisco. Mr. King was very favorably impressed with the quality of Pacific coast products, and having been over the Sound country decided to charter a ship direct to Honolulu. Considerable difficulty was experienced in finding a suitable vessel, but the bark Oakland, now lying at Port Madison, was chartered, and will probably get away in a few weeks. She will be loaded from stem to stern and will carry a deckload of stock, including a herd of 50 Polled Angus cattle for L. McCandless, and a number of horses and mules for A. Feek, who has a railroad contract on the islands. The schooner Moonlight was also chartered to load lumber, coal and shingles, while the Oakland will carry oats, wheat, bran and hay.

"ON THE ROCKS."

Steamer "Queen" On the Rocks at Cormorant Island—No Fears for Her Safety.

Output of Some of the Alaska Salmon Canneries This Season.

PORT TOWNSEND, Aug. 25.—(Special)—The steamer Queen is piled up on the rocks at Point Gordon, Cormorant Island, Southeast Alaska. Capt. Carroll sent word down on the steamer Chilcat, which arrived from Juneau last night, that the Queen was resting easily, free of water and that he expected to float her off at the next high tide.

In a dense fog at 11 o'clock Tuesday night, the day after she sailed from Victoria, while in charge of her pilot, she ran ashore. It was half tide when the accident occurred. The next morning the Chilcat came down from the North and observed the stranded vessel. It was then low tide and her bow was ten feet out of the water. Some of the passengers had been landed and were temporarily sheltered at a neighboring cannery. Others remained on board. Capt. Carroll told Capt. McAllep, of the Chilcat, that he anticipated no difficulty in floating her at high water. He further said that it was unnecessary for the Chilcat to remain, and that if he was unsuccessful in floating her he could get assistance from the steamer City of Topeka.

Capt. McAllep said that the Queen's pumps were working while he lay by, and some of the Chilcat's passengers and crew averred that a large volume of water was being discharged. Capt. McAllep thought the Queen would get safely off the next day, (yesterday.)

The Chilcat brought down the corpse of Oskar Drew, a miner, whose head was crushed to a pulp by a boulder in the Nowell mine last Saturday. His mother lives in Seattle.

The following is the output of some of the Alaska salmon canneries: Klawack, 12,000 cases; Wrangell, 16,000 cases; Yes Bay, 14,000 cases; and Dracoon, 12,000 cases. The Pyramid Harbor Packing Co. will put up 40,000 cases this year.

HAWAIIAN AFFAIRS.

Absolute Quiet—No Movement on the Part of the Royalists—Still Confidential.

SAN FRANCISCO, Aug. 25.—The steamer Australia arrived from Honolulu at 8 o'clock this morning. The United Press correspondent, writing under date of the 18th inst., says: Since the last dispatch sent there has been absolute quiet in public affairs. There has been no indication of the slightest scheme or effort of the ex-Queen's partisans to disturb the government, who are waiting for the expected recognition of the republic from Washington and from the European powers. No day is yet fixed for the autumn election of the legislature, but the registration of voters is actively proceeding throughout the islands. A larger proportion of the native voters are registering than did for the May elections. The Queen and her adherents continue diligently to inform the people that President Cleveland is about to restore her. The natives very commonly credit this, and hesitate to take the oath against the monarchy.

H.M.S. Champion still remains in the harbor, detained in response to urgent appeals from British residents. The absence of any American warship since the 12th has not been attended with the slightest inconvenience. The government expresses its satisfaction at this opportunity to demonstrate the strength and security of the present political situation. While a large minority of the British residents are supporters of the republic and opposed to the ex-Queen, it is very noticeable that nearly all of them are opposed to annexation to the United States and are anxious for closer commercial relations with Canada and Australia. For the special benefit of our Asiatic population the government have proclaimed their neutrality in the war between China and Japan. The Japanese show much excitement, and are taxing themselves heavily to aid their country in its conflict.

E. M. JOHNSON

37 Government Street, Corner of Broughton.

ESTABLISHED 1879.

Real Estate Agent, Conveyancer and Notary Public

Loans Effected, Rents and Income Collected, Deeds Prepared, Etc., Etc.

FOR SALE---A 1388-ACRE FARM

About 1000 Acres of which is Ploughable Prairie of First-class Quality.

120 Head (more or less) Cows, Steers, 2-year olds, etc., etc., (about 60 or 8 years more to calve this spring), 1 pedigree Hereford Bull (rising 5 years).

7 Mares (In foal to a good stallion), 1 Horse, Pigs, Chickens, etc.

Ploughs, Harrows, Reaper, Fanning Mill, Wagon, Sleds and usual Farm Implements.

Double Harness, Chain Harness, Bull Chains, Saddles (ladies and gent's), Bridles, etc.

Blacksmiths' Bellows, Anvil and Tools and Carpenters' Tools.

9-Room House (shingle roofed; Stable for 10 horses, with hay loft above; Stone Roothouse, Store Buildings, Dairy, Cow Sheds, etc., etc.

4 Miles (about) Standing Fences, in good order; Corrals, 10 miles barbed wire and staples; about 2,500 Posts on the ground, ready for use, etc., etc.

Small Lot Household Furniture, Stove and Pipes, Crockery, etc., etc.

This Property is within easy distance of many of the most important Gold, Silver and Coal Mines in West Kootenay. The population of this district will increase this year by at least 10,000; the area of farm land is very limited, and from this it may be fairly asserted that beef and all classes of farm produce will find a ready and lucrative market. The soil is the best bottom land, and the locality is one of the few places in the Province where so large a piece of good farm land can be found in one block. A river runs through the property, and rainbow trout are plentiful and afford capital sport. Deer abound in considerable numbers. Bear, Wolf, Coyote and other large game are to be found in the hills. There are two creeks recorded and belonging to the estate, one flows all the year round. Limestone and brick clay are to be had in the valley.

The Cattle are well bred; a much larger herd could be farmed with the place. The bunch grass on the hills in the vicinity covers many thousands of acres, and is available to the few land owners in the valleys. All buildings and fences about the farm are a good order, and farming operations can be gone on with at once; about 180 acres of ploughing have been, so far, provided for this year's work.

The Climate is not severe, the land being about 1,100 feet above sea level; the station was for many years the winter quarters of the H. B. Co.'s pack trains. There is a weekly express in and out. Goods and supplies at wholesale can be procured on order and delivered in 48 hours.

The Title is by grant from the Crown, and is free of all encumbrances. Immediate possession can be given.

Important Railway works are now in progress within moderate distance, and two railway lines have been run to pass close to or through the estate, which can be reached in the spring in three days' journey from Victoria.

The South West Kootenay District, British Columbia, from the actual ore products of the mines this winter, is destined in the next year or two to become one of the richest and most important mineral centres in the world. Statistics show that although the district is in its primary stage, the mines have developed ore veins rich enough to warrant the investment of over million dollars. When these mines come to be worked systematically, there will be an

Influx of Population, which will require beef and farm produce in large quantities. The limited quantity of really good farm land in the district to supply these requirements makes this

A BONANZA!

To any person or corporation having the capital and knowledge necessary to develop and work this estate. A store, hotel and blacksmith shop could be run in connection with the farm.

A DEPLORABLE DISAGREEMENT.

It is greatly to be regretted that the canners of the Fraser River and the Department of Marine and Fisheries are continually at war. The canners believe that the Department is arbitrary and unreasonable, and the Department, it is to be feared, looks upon the canners as an unscrupulous and greedy set of men. It is just possible that each is mistaken in their estimate of the other. The Department has no earthly reason that we can see to worry the canners and to make their business unprofitable, and every one can see that it is in the interest of the canners that the Fraser River be fished moderately and judiciously. This being the case it is indeed singular that they cannot agree upon a *modus vivendi*.

When we come to inquire, we find that in reality the canners and the Department differ on only one point. The canners cordially approve of most of the Department's regulations. In fact it is only to one of them that they have any serious objection. This is the one that relates to the disposal of the offal. This regulation is the bone of contention. If it were not for it peace would reign on the Fraser River from one end of the season to the other.

There are two objections to the regulation with respect to the disposal of the offal, both of which are serious. It is regarded by the canners as unnecessary, and it is believed by them to be impracticable. It is, many of the canners think, impossible for them to carry on their business profitably if they are compelled to comply with the provisions of the law regarding offal. The law, they contend, has until now never been rigidly enforced, and no harm has come of its non-enforcement. There is no perceptible diminution of the fish in the river, and the health of those who reside on the banks of its lower reaches are as healthy as ever they were, and as is the rest of the community who live inland.

It is unfortunate that this matter of the effect of allowing the offal to drift out to sea with the current has not been clearly ascertained. The proceedings of the Commission of 1890 were very far indeed from satisfactory to the parties interested, and the decision of the majority of its members was never approved by the great majority of those who had any knowledge of the subject. It was seen that the Hon. D. W. Higgins dissented from the finding of the majority on the subject of the offal, and it is believed in this part of the Dominion that Mr. Higgins was more competent to form an intelligent and an unbiased opinion on the subject than either of the other two Commissioners. He is a man of much ability and superior intelligence, and it was evident that he was desirous to come to a fair and an independent decision on the subject. The fact that the Commissioner whom they regarded as the ablest and the most impartial differed from the majority no doubt went a great way towards confirming the canners in the opinion that the law requiring them to incur a heavy expense in disposing of the offal was not suited to the conditions of the Fraser River salmon fishery was, in fact, unnecessary as well as arbitrary.

As long as the necessity of the Department's requirement with respect to the offal is in doubt, the canners will look upon any law or any regulation compelling them to go to great expense to dispose of the offal as oppressive and calculated to injure their business.

We are quite certain that nothing is further from the Government's intention than

to discourage those engaged in prosecuting the important industries of salmon fishing and salmon packing, or to hurt their business; its sole object is to further the true interests of all concerned. Could not an investigation into the conditions of fishing and packing salmon on the Fraser be conducted in such a way and by such persons that all reasonable and well disposed men must acquiesce in the decisions of the investigators. It seems to us that this must at the very least be due the men who have invested their money and spent their lives in building up a business which is one of the main resources of the Province and which has in fact become of national importance. The Department of Marine and Fisheries can we submit, without any loss of dignity, meet the canners half way and devise some means of deciding who in the matter of disposing of the offal is right and who is wrong.

ARE BRITONS DEGENERATING?

Is our race degenerating? is a question which is often asked in these days. Those who are always praising past times and who see but little good in their own day answer unhesitatingly in the affirmative. The men of the days of old, in their estimation, were stronger and bigger and harder than the men of to-day. They were healthier, too, and lived longer. There are diseases, they affirm, in these days that were unknown to our forefathers. Of course the race is degenerating, each generation is weaker and weaker than its predecessor.

Who has not heard a great deal of this sort of thing and been forced to listen to stories of the wonderful feats of strength and endurance performed by the men who have been long dead and gone? "There were giants in those days" has been the boast of this class of men from the earliest ages.

But these good people deceive themselves. When they look back they do not see men and things as they really were, and when they look around them they are too ignorant or too prejudiced to do their contemporaries justice. Those who have inquired into this matter coolly and without prejudice, have found that the race—at least our race—has not degenerated. The men of to-day are as rich in all manly qualities as were their forefathers, and the women are more beautiful and better developed than their great grandmothers. Life is longer now than it was a hundred and fifty or two hundred years ago. Some dreadful diseases that were a scourge to the race have entirely disappeared, while others have become comparatively harmless. A writer on the subject asks:

"Is the dawn of the twentieth century bringing with it new diseases, new complications of existing maladies, new varieties of physical suffering as the result of the exacting conditions of the present struggle for existence? The answer to this question must be emphatically in the negative. There is no evidence to show that the normal life of any individual organ of the body in which organic disease most commonly arises is shorter now than the records would indicate was the case in earlier days."

It is easy enough to see that the men of modern times have a larger store of vitality. What is the cause of the fondness for athletic sports that prevails in every country which is the home of men of the Anglo-Saxon or the Celtic race? Is it not because men and boys feel life in all their veins? The vital energy with which they are endowed must find exercise of some kind. If the race had degenerated, our boys would be languid and our men indisposed to unnecessary exertion. But this is not the case. Men of almost all ages are so vigorous that exertion for the mere pleasure it gives is necessary to their existence. And it is getting to be the same way with women. They are not content to be cooped up in the house engaged in ladylike employments and amusements for twenty hours out of the twenty-four. They delight to be in the open air engaging in pastimes that would tire the delicate creatures of the last century even to look at. The consequence is that a new race of women have grown up, taller and more robust than their grandmothers. And there are indications that this accession of physical strength is accompanied by greater intellectual vigor and independence. In these days we find women excelling in studies which not very many years ago were deemed too difficult and abstruse for the female mind; and women now engage in occupations, and succeed in them, which once on a time it was considered only men of unusual capacity were fitted to follow. These are not indications of decadence, but of something very much the reverse. One has only to direct his attention to this subject to find that our race is in every respect as able to do its work, physical and intellectual, as ever it was.

THE OTHER WAY ROUND.

It is a remarkable fact that a larger number of aliens are leaving the United States than are immigrating to it. This is what the Portland Oregonian says about the matter:

Hard times and low steamer rates to Europe are sending many more aliens abroad than come to this country. It has been estimated, on the basis of the most reliable statistics attainable, that during the first six months of this year 151 former immigrants have returned to Europe for every 100 that came to make their homes among us. This represents a net loss in the foreign-born population of over 65,000 for the half year. Return of aliens has been a feature of every American panic, though statistics for the earlier years are incomplete. They were not collected prior to 1868, and therefore the effect of the panics of 1837 and 1857 cannot be known. After the panic of 1873, emigration increased from 61,672 to 82,424 for 1874, and 106,376 for the next year. But the impulse did not last, and during the next three years there was a falling off in the number returning home to Europe. Again, in 1884 and 1885, the outward bound movement reached large proportions, the number for the latter year—153,400—being the largest ever reported for a single year. The next year, however, it fell to 112,000, and remained at that figure for several years. But statistics of immigration show that it has been highest in the years before panics, and has fallen off after. The immigration of the year 1837 was the largest that had been known up to that time, and the number had been steadily growing for five years before that time. After the falling off resulting from the panic of 1839, the highest point was again reached in 1854, to be followed shortly by the second great panic. After the civil war, increasing annually until 1873, when a new record was established at 459,803, which preceded another panic. This point was again passed just before the depression of 1882, and during the three years before last year's panic the greatest yearly average ever known was reached. The lesson of this seems to be that we can count on only two or three years' relief from immigration, and that we would better employ this breathing spell to establish permanent checks before the tide swells again.

The probability is that the working classes of European countries are beginning to see that the United States is no longer the poor man's paradise. The conditions of life and of business in the Great Republic are every year bearing a closer resemblance to those of the Old World, and it is very evident that the Americans have not been more successful in solving the social problems that older communities have had to deal with than are the statesmen and philanthropists of Europe.

PERSISTENT LYING.
The Times of last evening returns to the attack of the Government in the matter of provincial finances, about which it has said so much, by quoting from a local weekly paper. The latter says: "The issue is a plain business one. Here it is: Can the Government promptly and squarely meet all its obligations or can it not?" The Colonist is charged with meeting the allegations made by the Times and echoed by the Opposition press generally, by "lectures on patriotism and the necessity of standing together to keep up the credit of the Province." This is entirely a wrong statement of the case. The Colonist gave the charges a categorical and emphatic denial. Our reference to the credit of the Province was simply an incident of the discussion whereby the evil of making lying statements about so important a matter was dwelt upon. When our contemporaries now treat these falsehoods as unanswered we can only conclude that they are either blind or will not see. In either case the fault is not that of the Colonist. We do not propose to reiterate, for the mere sake of wrangling with our contemporaries, what we have already stated in the plainest terms.

THE GOLD OUTPUT.

Those who are lamenting the scarcity of gold will be surprised to learn that the supply of that very precious metal has of late years considerably increased, and is likely to go on increasing. The world, we are told, produced more gold last year than ever it did before, and the product of the present year promises to be greater still. The worth of last year's gold output was \$155,522,000. This year it is estimated that it will be \$175,000,000. When California and Australia were producing gold at what some believed to be an alarming rate, the total output was less than this. The indications are that there is no fear of there being a scarcity of gold or silver for many a long day to come.

Sept. 1.—Stationery, etc. H. Cuthbert & Co.

THE CITY.

Just one plain drunk was all that the police had to report last night.

The Fountain and Victoria West lacrosse teams played a game at Victoria West yesterday resulting in a win for the Fountains by four straight.

Some disturbance to the electric battery in the Pandora street first hall last night was the cause of a few false alarms being rung about midnight.

Mrs. Thomas Bowness received word from her husband yesterday to the effect that he was lying seriously ill at Comox. Mr. Bowness until very recently carried on a grocery business in Victoria.

The firemen have accepted the challenge of the boiler makers at the Albion Iron Works to play a game of lacrosse three weeks from yesterday. It is not yet known where the match will take place.

George Pearson, of the Victoria & Sidney railroad, and Miss Lizzie Christie, of Saanich, were united in marriage by the Right Rev. Bishop Cridge in the Reformed Episcopal church on Wednesday evening.

The children of the various Methodist Sunday schools are preparing a musical programme for the mass meeting to be held in the Metropolitan church on the 16th of September. The services will include addresses on appropriate subjects and some excellent music.

The Tilsonburg (Ontario) friends of Daniel Hicks are very anxious to learn of his present address, owing to his sister's serious illness. He was last heard of in Victoria. If any one knows of his whereabouts, please write or telegraph to Edgar Hicks, Tilsonburg, Ont., for which they will be suitably rewarded.

A scab named J. Martin, charged with being found in close and frequent proximity to the "gin rammers" against whom he made and provided, appeared in the police court yesterday morning. His Honor thought it would be fitting if Martin contributed \$5 toward providing orphan baby seals with nursing bottles, and it was so ordered.

The Juvenile Order of Foresters met in their regular meeting place last evening for the purpose of organizing a lacrosse club in connection with the society. All the various Juvenile courts throughout the Province will have lacrosse representatives at the annual meeting of the order at Nanaimo this year, and in consideration of this the new local team is formed. J. Cohen, manager; F. E. Emery, secretary; and A. E. Grant, captain, were appointed among the officers of the new club, the next meeting of which will be held on the first Tuesday of September.

The salmon pack of British Columbia is completed, and the total number of cases put up is 445,000, as compared with 593,000 last year. Of this 355,000 cases will go to the United Kingdom, 55,000 to Canada, 25,000 to Australia, and 10,000 to other points. The Fraser river catch is 317,000, leaving 128,000 cases from the North. The quality throughout is excellent, and about one-half of the whole pack has already been sold, the balance being very firmly held for an advance. Latest prices in the United Kingdom range from 12s 6d to 18s 6d for tins, and 19s 6d to 20s for flats, but holders expect an early advance in the face of the short pack. The total pack of flats was 58,000 cases, of which some 3,000 will go to Australia and Canada. In the United Kingdom consignment is included 15,000 cases of half-pound flats, which should fetch a fancy price. Most of the lines unsold are held in Victoria.

"DANGER AHEAD."—The heart of every huntsman and lover of animals must beat high on view of this splendidly painted pointer. It is one of the great MASTERPIECES of C. F. Deiker, the famous animal painter, already well known to our subscribers. The attitude of that proud pointer, who possesses a brow and eyes, that speak of almost human intellect is unsurpassable. And with no less accuracy and love for truth than the noble animal is painted, has Deiker also copied the small piece of the forest, where the whole scene occurs. All its life and light. This and fourteen other pictures form part thirteen. A few of the back numbers are still on hand and in order that all may secure the entire work a "past number" coupon appears to-day good for any of the thirteen parts. These reserve numbers are going rapidly and immediately application should be made in order to make sure of obtaining them.

On next Thursday and Friday evenings, August 29 and 30, the patrons of the Victoria theatre will have the pleasure of witnessing the successful comedy drama "Friends," which had such a phenomenal run at the Standard theatre, New York. It is said to be a bright and wholesome play, abounding in pure wit and amusing situations. The dialogue is well written and original, and an intensely interesting dramatic story underlies it all. The company is a most notable one, embracing the names of artists whose years of experience with high class companies have gained them a recognition of the dramatic profession. The author, E. W. Milton Royle, who essays a principal role, was formerly a valued member of Booth and Barrett, Madison Square, and Salvini's companies.

Lucius Henderson, the gifted actor pianist, whose piano recitals are a source of considerable pleasure to music lovers, was a pupil of Jon H. and, before becoming a member of Salvini's company, gained distinction on the concert stage. Harry Allen, who gained his reputation at the old California theatre in the palm days of McCullough, E. D. Lyons, a former member of Henry Irving's London Lyceum theatre company as leading character actor, Selena Fetter Royle, a beautiful woman and gifted actress, was leading lady for Robson

& Crane's company. Adolph Jackson, late leading man of Frohman's "Aristocracy" Co., and the balance of the fifteen players are scarcely less noted. With such a superb reputation as both play and players enjoy the initial engagement here should be the dramatic event of the season.

DURING the regatta yesterday a gentleman while trying to rescue his hat which had fallen into the water, took an involuntary header from a canoe to the small amusement of the spectators. The "waters wild" poured into the canoe and bade fair to overwhelm it and a young lady occupant. She was rescued by a skiff as the canoe was disappearing from sight.

This evening Dr. Griffith will deliver his last lecture on theosophy in the Institute hall, subject, "Theosophy and Heredity." On Monday evening, in the same hall, a meeting will be held for the purpose of answering all questions relating to theosophy which the audience may see fit to ask. The questions must be written out on slips of paper and handed in as early as possible.

THE "Beehives" and "Hackmen" lacrosse teams play at the Caledonia grounds to-morrow. The teams are about the same as those which lined up last time. It is understood that neither of the teams claim to know enough lacrosse to challenge the Shamrocks, but are willing to bet that they can introduce variations into the game never dreamed of by the inventor—or anyone else. The proceeds of the game will go to the Old Men's Home, and in the interest of charity a good turn-out is expected.

THE entries for the pool tournament to be in progress in the Carter House during the next two weeks are as follows: Monday, Waxstock (receives 35) plays J. Davidson (receives 40); Tuesday, E. Buckner (receives 30) plays H. Dalby (receives 30); Wednesday, Charley Lawson (scotch) plays J. McMillan (receives 5); Thursday, J. Henckie (receives 15) plays J. Stuart (receives 35). Friday, Herbert Steel (receives 35) plays Goudy (receives 15). Saturday, W. A. Cullen (receives 35) plays Geo. Smith (scotch). Monday, Charles Palmer (receives 20) plays McMillan (scotch). Tuesday, C. Borde (receives 20) plays C. Plough (receives 25). Wednesday, F. Lee (receives 30) plays C. Berry (scotch). Thursday, A. F. Reid, (owes 20) plays Richardson (receives 25). Friday, J. Penketh (owes 5) plays J. Bradley (receives 10) and Saturday, C. Bard (receives 30) plays A. H. Gelder (receives 30).

Russia has rescinded the prohibition against importing Persian silver coin into the Caucasus and Central Asia.

Ernest Hasberg, the Dundee jute merchant, who was arrested a month ago on charges of forging a bill for £80,000 on the Scotch banks and £20,000 on continental banks, was arraigned Friday and pleaded guilty.

The British steamer Donolar Castle went ashore and very narrowly escaped being wrecked Friday on Eddystone rock. During a dense fog breakers were reported ahead, and the engines were immediately reversed, thus avoiding serious damage. When the fog lifted the ship was found to be headed directly for Eddystone light.

Details of a recent double murder in Bolivia have just been received. The Indians of Karangas killed the son of Senor Arco, magistrate of the court of Oruro, in the presence of his father, by tearing out his tongue, extracting his eyes and otherwise torturing him until he died. They caught his blood in horn cups and drank it with avidity. The father was then tortured until he died. The Indians then ate the flesh until the bones were bare.

The Bank Exchange.

Parker's Market, 50 Fort street. In order to suit the times, we are determined to sell our meats at the lowest possible figure for cash. Call and get our prices.

THE Bank Exchange restaurant has just received a consignment of the following choice articles of food direct from Europe: Westphalian hams, Corvetolet and Metwurst sausage, Strassburger goose liver pastels, Frankfurt sausage, Pomeranian breasts of geese, Braunschweiger leberwurst, Braunschweiger Riesensargel, Lubek's Krammets vogel, Hamburg sweet water eels, and many other delicacies from the European market.

Relief in Six Hours.

Dieting Kidney and Bladder diseases is relieved in six hours by the "GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidney back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. Sold in Victoria by D. E. Campbell.

My feet were so badly swollen that I could not wear my shoes. I got Yellow Oil, and to my astonishment it gave me instant relief and two bottles completely cured me. Mrs. W. U. McKay, Berwick, Ont.

VICTORIA'S VARIOUS SPORTS

James Bay's Regatta Attracts a Big Crowd of Spectators—Lacrosse Matches.

Record Breaking at the Gun Tournament—Cyclers' Fifty Mile Road Race.

Of course, when such a popular event as the James Bay's regatta was to come off yesterday, even the weather was not going to turn cranky and spoil sport. The sun smiled his brightest and old James Bay took the greatest trouble to smooth all the wrinkles off his surface and put a nice bright polish on the water for the afternoon. The bay looked its very best, covered with pleasure boats of all sorts from the dainty canoe and skiff down to the small boy in the rickety old dug-out who had just as good a time as the young man in "store clothes" flannels who paddled a canoe with his best summer girl seated in front of him. Bunting was freely displayed for the occasion from several of the sailing craft in the harbor, the canoe club house, and of course the James Bay's headquarters were gaily decked, while the flotilla of small craft was a mass of intermingling colors, red parasols, bunting and the summer toilets of the fair sex all helping out the effect. There was music, too, the band under Mr. Finn being stationed on the J. R. McDonald, which was anchored in the bay. Open house was kept by the hospitable club, Mr. Dallin, the energetic secretary, and Mr. W. R. Higgins presiding over the well supplied refreshment tables. The officials of the day were: Referee, Lieut. Barnes; judges, Ven. Archdeacon Scriven and Capt. Gaudin; starters, Messrs. F. S. Hussey and J. Stuart Yates; time-keeper, Sergt.-Major Mulahy. The racing and reception committees also did their part well.

The opening event was the first heat of the club fours for the Flumerfelt cup; course, one mile straight away, from Colla island to club house. The entries were:

J. Geiger—(Stroke), L. B. Young—(Stroke), W. Scott, H. Dodds, A. E. Finlayson, W. H. Wilkerson, A. R. Wolfenden.

The Geiger crew caught the water first, but the others made a good start and both crews pulled well and strong keeping even for the first three hundred yards. Young's crew started the best course, their opponents having to make a bad turn to miss a steamer towing a scow. All along the race was well contested and exciting, the Geiger crew winning by one length in 5 min. 37 sec. The Young crew did nobly. They had trained for the novice race and only entered this contest to fill a vacancy caused by Jorgenson's crew being unable to compete owing to the stroke being sick.

PETERBORO CANOE—SINGLE PADDLE, OPEN.

Entries: G. F. Askew and J. Watson of the James Bay; H. C. Macaulay and A. S. Gore, Canoe club. The course was half a mile from the boat house round a buoy at Beaver Rock and return. Watson made a poor start, started badly, bumped into Gore and dropped out of the race which from the first was between Macaulay and Askew. Gore made a plucky struggle but dropped gradually behind. Macaulay came in two lengths ahead. Time 4 min. 51 sec. A protest was entered against the winner on the ground that he turned a wrong buoy and the judges reserved their decision.

SECOND HEAT—CLUB FOURS.

D. O'Sullivan (stk.), F. S. Widdowson (stk.), W. P. Perkins, J. W. Wilson, J. H. Austin, W. J. Mackay, E. O. Finlayson, John Aden.

The O'Sullivan crew had the outside course, and both got away well together making a close race of it, the O'Sullivans steering the best course but the Widdowsons pulling a fine sweeping stroke that gradually put them to the front. Nearing the finish the Widdowsons spurred and went to the front, giving their wash to the other crew and won.

JUNIOR SINGLE SCULLS—CLUB.

Prize Mallowdaine Cup. One and a half miles from club house, round buoy in harbor and return. H. B. Haines and J. Geiger.

Both men caught the water together and made a pretty race of it. At the quarter Haines went a little ahead. Haines turned first but Geiger caught up and was getting to the front, when half a mile from the finish he fell back in the boat in a faint, the result of not feeling well when he started. Haines rowed in and finished alone in 10 min. 47 sec.

PETERBORO CANOE—TANDEM (OPEN).

J. B. A. C.—G. F. Askew and J. Watson. V. C. C.—A. S. Gore and E. Monro.

The James Bay men went ahead almost at once and though the Canoe Club crew made a gallant struggle they could not catch up, the Bays winning easily in 5 min. 9 sec.

PETERBORO CANOE UPSET RACE.

This was lots of fun for H. F. M. Jones, J. Watson, F. Wollaston and R. Robertson being the entries. At the signal to drop overboard, splash went the men into the water. Watson climbed in again all right and started back on the home stretch, while Jones after a big effort got in wrong end first and finished up sideways like a crab. A son finished first, Jones second.

FINAL HEAT—CLUB FOURS.

This was the final test between the Geiger and Widdowson crews, the winners of first and second heat. It was a capital race, the boats keeping close together till a quarter mile from the finish, when a wandering skiff, such as is always to be found at a regatta, blundered on to the track and the consequence was that the Geiger crew had to stop rowing to avoid a collision and lost all chance of winning, the Widdowsons crossing the line in 5 min. 8 sec.

SENIOR SINGLE SCULLS.

For the Helmsken cup—Course half mile and return. D. O'Sullivan, F. Mallowdaine and G. F. Askew entered. Mallowdaine got away first, but at the turn O'Sullivan was about even with him. Mallowdaine by a misunderstanding went further out and took the mile and a half course. O'Sullivan came in first in 4 min. 55 sec. Askew a good second.

DINGY RACE (CLUB).

Double scull intrigued, lady coxswain:—D. O'Sullivan and G. F. Askew. Coxswain, Miss J. O'Sullivan. W. Scott and J. Watson, Coxswain, Miss A. O'Sullivan. H. B. Haines and E. G. Billingshurst, Coxswain, Miss McMillan. L. B. Young and A. H. Finlayson, Coxswain, A. N. Other.

All four got away in fine shape, the Scott crew making a particularly good course, Miss A. O'Sullivan steering beautifully. Finlayson and Young were in too heavy a boat for the race, and as both their best girls were at a picnic, had to get a small boy as coxswain. The other crews kept well up with the winners, the Scott crew, who crossed the line in 5 min. 11 sec, the O'Sullivans a close second.

CANOE SAILING RACE.

J. P. Hibber, J. Sealey, C. Godson, A.

S. Gore, T. S. Gore and Fraser were the entries. There was only a catpaw of wind and considerable maneuvering was indulged in to try and catch a breath of it. Finally the race was called off, Mr. Dallin's Lily, with Mr. Seely sailing her, being in the lead at the time.

PETERBORO CANOE—FOUR PADDLES.

The course was the same as the single paddle, the entries being:

G. F. Askew, J. Watson, D. Jones and C. E. Bailey. D. O'Sullivan, W. P. Perkins, J. H. Austin and E. O. Finlayson. L. B. Young, H. Dodds, A. H. Finlayson and A. R. Wolfenden.

The Askew crew turned the buoy several lengths ahead, and coming home crossed the line first in 4 minutes 59 seconds, with O'Sullivan's crew second. The third crew dropped out.

TILTING MATCH.

This caused any amount of amusement, shouts of laughter greeting the disappearance in the water of any luckless competitor. Cartmel and Kerby defeated Dodd and Young, while Wollaston and Hibben knocked out the victors and also O'Sullivan and Jones. Then along came the invincibles, R. Robertson and H. C. Macaulay, who made the doughty Hibben "take water" and submerged Wollaston under the overturned canoe, thus proving themselves the champions.

INDIAN WAR CANOE.

J. B. A. C.—G. F. Askew (buck) J. Watson, D. O'Sullivan, W. Scott, D. Jones, J. H. Austin, J. E. Wilson, J. W. Wilson, W. P. Perkins, W. J. Mackay, C. E. Bailey, H. Dodds, J. Anderson, V. C. C.—E. Pitt (buck) E. Brammer, H. Crane, C. A. Gordon, F. W. Galpin, A. S. Gore, F. Higgins, J. P. Hibben, H. C. Macaulay, E. Munro, J. H. Jiggs, F. Wollaston, F. G. White.

Hyack went the rival warriors up the course and turned the buoys together. In spite of their brilliant head dresses, however, the canoe club representatives had to give way, little by little, as the James Bay went ahead. The latter won the exciting race in 4 min. 45 sec.

Last of all came the duck hunt in which J. R. G. Bullen, J. E. Wilson, J. H. Austin and W. Scott plunged into the water in chase of a couple of unfortunate ducks that were turned loose. Bullen nailed his triumphantly in short order, and Wilson after a tough race captured the other. That brought an excellent day's sport to a close.

LACROSSE.

INTERMEDIATE CHAMPIONSHIP SERIES.

Owing to the regatta and several attractions during the afternoon the intermediate lacrosse game at the Caledonia grounds was not as well attended as the first and clean game deserved. At no time could the play be said to lag, and barring one or two minor accidents, no one was hurt. Before the Nanaimo and James Bays lined up the Harrison-Hayward athletic contest opened with a 220 yard hurdle race. This was won by Harrison by about 1 foot. Time given at 30 sec. The 1 mile race followed, Harrison winning by 3 feet. Time, 70 sec. During the intervals of the lacrosse match the contest continued. Hayward won the 100 yards race in 10 sec. with Harrison about 4 feet behind. This was followed by a 200 yard race and again Hayward won in 22 sec. The 300 yard race was a close contest throughout. Hayward took the lead, Harrison following easily, evidently thinking that the other man would kill on the fast pace. In this he was disappointed, Hayward came down the stretch in splendid style and though Harrison picked up well he was two feet behind when Hayward struck the tape. Time 36 sec. This was followed by a running broad jump won by Hayward with 17 ft. 7 in. against 17. 4 in. as Harrison's best. The result gave four events and the contest to Hayward.

In the meantime the boys had been keeping each other busy. The first game was called at 3:20. After a sharp struggle in the centre, Schnoter took the ball and made a splendid run up. He was caught in a savage scrimmage and lost. Several rapid tries on Nanaimo's goal followed. Fitzgerald, Nanaimo goal, caught a hot shot full on the throat and "Dr." Foster had to be called in. The ball passed down to the Bay's goal twice but was quickly sent back each time. Then a neat combination gave J. Smith the rubber and he passed it through for the Bays. Time 8 minutes.

The Nanaimo boys came up strong for the second game and forced matters from the first. Several times their superior weight told at critical periods and at the end of a long run McMillan passed to Madill, who scored for the Nanaimos. Time, 8 minutes.

The third game found the Bays more collected and disposed to play away from the heavier team. It was anyone's game until Schnoter got the ball and after some clever dodging scored for the Bays. Time, 12 minutes.

The rapid play was beginning to tell on both teams and the fourth game was a little slow and somewhat ragged. Miller scored for the Bays in 16 minutes.

The next three games were a walkover for the Bays. They had found their men and were handling them well. Nanaimo made several desperate rallies, but failed to hold the ball against the Bays' goal for more than a second or two at a time. The games came in, Smith, 3 minutes; Schnoter, 1 minute, and Miller, 4 minutes.

Last night the victorious Bays entertained the visiting club at a banquet held in the club house. An impromptu smoking concert wound up a pleasant day's sport.

VANCOUVER, Aug. 25.—(Special).—In the junior championship lacrosse match to-day, the Nineties won from Westminster juniors by a score of 2 to 1. The games lasted 16, 4 and 20 minutes and were all hotly contested. W. Grey, of Westminster, gave satisfaction as referee.

In the senior match some 350 people turned out to see the home team again defeated. The Jonah of the team has again been discovered, and it looks as if the club would have to complete the season without being able to remove their hoodoo. They put up a magnificent defence game, but the home was weak, or appeared so in comparison with the magnificent defence

THE WESTSIDE.

THE CENTRE OF . . .

ATTRACTION.

It isn't everybody that can make a success out of the DRY GOODS business. Some natural fitness is necessary. Competition is so keen that some advantages must be possessed. Without these essentials, you might as well expect to kindle a fire with brickbats as to make and hold a trade. Grapes don't grow on thorns here any more than in Judea, but the tree is still known by its fruit. Just now the people seem to have "caught on" to the fact that the bargains we offer cannot be matched everywhere—or ANYWHERE, for that matter.

THE CENTRE OF . . .

ATTRACTION.

THE ABOVE ARE A FEW TRADE INVIGORATORS. WE HOPE FOR SWIFT TIMES AHEAD.

St. Andrew's church, Douglas and Broughton streets—Rev. W. L. Clay, B.A., pastor. Services at 11 a.m. and 7 p.m., Rev. A. B. Winchester preaching. Sabbath school and Bible class at 2.30.

Central church, corner Kingston and Oswego streets, James Bay—Rev. P. MacLeod, pastor, will preach morning and evening. Morning subject, "The Lord's Supper"; evening theme, "Christianity vs. Theosophy." Sunday school at 2.30 p.m.

St. Paul's church, Victoria West—Rev. D. MacRae, pastor; services at 11 a.m. and 7 p.m.

East Fernwood (St. Columba's church), Spring Ridge and Cedar Hill—Services as usual; pastor, Rev. R. G. Munison.

Salvation Army—Special services throughout the day at the new barracks on Broad street.

Theosophical society—Meeting in Institute Hall, View street, at 8 o'clock p.m.; lecture by Dr. Griffith; Subject, "Theosophy and Heredity."

Y M C A.—Usual gospel meeting at 4 p.m. and at 8 o'clock; all are invited.

SISTER SOCIETIES.

The K. of P. Excursion—Formation of a New Lodge, I. O. O. F.

The Pythian excursion to Seattle was a pronounced success, marred only by an unfortunate misunderstanding as to the time the boat would leave Seattle. With regard to this the committee state that the Knights arranged to leave Seattle at 8.30 o'clock last Saturday evening. When the steamer was nearing Seattle the committee discovered that the captain had received orders to return at 7 o'clock. Thinking a mistake had been made, the committee sent two telegrams from Seattle and waited nearly five hours for answers. Shortly before 7 o'clock an answer was received stating that the steamer would leave at 7 o'clock. Why the hour of departure was changed the committee cannot understand. They were anxious to remain until the hour advertised, and used every means to keep the steamer. A large number of persons had just cause for complaining, but our order should not be unjustly criticized in regard to this matter. The steamer was to leave Victoria at 7 o'clock and Seattle at 8.30. The change was made without consulting the committee. Sunset lodge, under whose auspices the excursion was given, cleared \$300 after all expenses were paid. A monster return excursion is promised by the Seattle Knights on societies' day at the agricultural exhibition.

Far West Lodge No. 1 conferred the work of esquire on Friday evening.

I. O. O. F.

The special meeting held for the purpose of perfecting the organization of a new lodge I. O. O. F. last night was a success. About 60 names have been received, and as soon as the cards have been signed the formation will be completed. The new lodge will be under way in about two weeks.

Vancouver Encampment No. 1 will hold a meeting for the purpose of paying a fraternal visit to No. 4 next Thursday evening.

I. O. O. F.

The regular meeting of Acme Lodge No. 14, I. O. O. F., was held on Monday evening, when under the head of "Good of the Order" a very pleasant hour was passed in taking up the "Warden's Charge," which several of the brothers gave remarkably

The Weekly Colonist

Most Interesting Weekly Newspaper
Published in British Columbia.

Every Issue Contains Full Local, Provincial and General News.

SEND IT ABROAD.

Information about British Columbia is now sought for in every quarter of the English-speaking world. There is no better evidence of the progress and prosperity of the Province than that furnished by the character of its Newspapers. It is universally conceded that THE COLONIST is first among the excellent Newspapers of British Columbia. If you desire to advise your friends abroad on matters pertaining to this Province, you can use no more accurate and convincing argument than furnished you in THE WEEKLY COLONIST.

READ IT AT HOME.

Residents in every section of the Province should read THE WEEKLY COLONIST if they wish to keep posted on the News of the World, the News of the Province, or on the Political Situation—Provincial, Dominion or Imperial. THE COLONIST is ably edited, supplies the cream of the Local and Foreign News, and furnishes a vast amount of general information valuable to every reader. The ladies are not forgotten, for the Fashions of the Day and other matters peculiar to women are described and illustrated by clever people. Your family will be more intelligent by constantly reading British Columbia's Great Weekly.

FOR \$2 PER YEAR

THE WEEKLY COLONIST will be sent, postage free, to any part of Canada or the United States. To all European countries, the postal charge per copy is 2 cents, making the paper \$3.00 per year. You can send your subscription direct to the office of publication, or pay it to any authorized agent. You can subscribe for it at any time. The best time is now. Address all letters to

The Colonist Printing & Publishing Co., Ltd.,
VICTORIA, BRITISH COLUMBIA.

well. This is a thing which Acme lodge proposes to take up every night when time will allow, so as to give all the officers and members a chance to become better acquainted with the work. To-morrow night there will be work in the second degree, and at the good of the order the conductor's charge will be taken up. A good attendance is requested.

A. O. F.

The Counters of Aberdeen was recently initiated as a member of the Companions of the Forest in Edinburgh, Scotland, when fifty other prominent ladies were also admitted.

There were three applications for membership last Thursday evening in Court Northern Light No. 5935.

Court Robin Hood—Two applications for membership were received in this court at its last meeting.

The district meeting will take place about exhibition week in Victoria, when all the courts will be represented.

WINNIPEG WIRINGS.

Kicked From the Track—Hon. Mr. Laurier's Movements—Attempted Suicide.

WINNIPEG, Aug. 25.—(Special)—Fireman Elcomb, of the C.P.R., saved the life of a child near McGregor by climbing out on the cow-catcher of the moving express and kicking the child from the track.

Hon. Mr. Laurier will reach Winnipeg on Monday the 3rd, at 12.30 p.m. He will speak at the labor day demonstration here on that day.

At Regina, yesterday, Michael Miskey attempted to take his own life.

FRANKLIN COLLIERIES DISASTER.

The Mine Still on Fire—Months Before Work Can Be Resumed.

SEATTLE, Aug. 25.—An examination into the causes which led to the death of thirty-seven men in the Franklin coal mine yesterday afternoon is being conducted by Coroner Horton of King County. A great many witnesses have been summoned and the examination will last several days. It is believed that many of the men killed by black damp yesterday could have saved their lives had they hastened from the mine at the first alarm. Many of them overcame by curiosity loitered and death overtook them. The mine is still on fire but it is believed to be confined to No. 6 slope. It will be three or four months before the mine starts up. Many of the families of the dead miners are in destitute circumstances and a fund is being raised in this city and elsewhere for their relief.

STOCKS IN NEW YORK.

Considerable Excitement—Many Stocks Being Materially Reduced in Value.

NEW YORK, Aug. 25.—To-day's short session at the Stock Exchange was enlivened by some ground and lofty tumbling in distillers and cattle feeders stock. Transactions in this specialty were on a heavy scale, over 100,000 shares having changed hands at both boards. At the opening the stock jumped to 24½, the rise being stimulated by Western advices that the trust had secured the money necessary to take its product out of bond. About 11 o'clock it was rumored that there had been a hitch and that the negotiations were likely to fall through. On this the stock broke rapidly to 19½, the offerings on the way down being simply enormous. One broker identified with inside interests sold 20,000 shares in the last half hour of business. Chicago was also a heavy seller, and the general list was weaker throughout, the result of realizations. The net changes show losses of 1 to 3 per cent. Total sales at the stock exchange were 165,517 shares. Closing bids: Atchafalpa & Santa Fe, 6½; Burlington & Quincy, 7¾; Canada Southern, 33; Canadian Pacific, 67; Central Pacific, 13½; Columbus, Cincinnati, Chicago & St. Louis, 41½; Delaware, Lackawanna & Western, 167; Erie, 15½; Wells Fargo Express, 115; Great ex d. Wells, Fargo, 115; Great Northern, preferred, 102; Lake Shore, 137; Louisville & Nashville, 54½; New York Central, 101½; New York & New England, 3rds, 27½; North American—; Northwest, 107; Oregon Navigation, 19; Oregon Improvement, 15½; Pacific Mail, 16½; Reading, 21; Rock Island, 68½; St. Paul, 65½; Texas Pacific, 10½; Union Pacific, 13½; Western Union, 88½; Bar silver, 65½c. per ounce. Money on call, 1 to 1½ Foreign exchange—Sterling 486½ for 60 days, 4 87½ on demand.

Easly's Liver Lozenges are pleasant to take and efficient in action.

Attention.

Account Grand Encampment G.A.R., Pittsburg, Pa., September 8th, the Northern Pacific Railroad will sell round trip tickets at \$65 Tickets on sale September 1st, 2nd and 3rd. Return limit west of St. Paul, 60 days from date of sale. East of St. Paul, September 26. Full information at City Ticket Office. E. E. Blackwood, General Agent, Victoria, B.C.

MARRIED.

ESTES-FINLAY—On the 22nd inst., at the home of the bride's mother, Pandora Avenue, by the Rev. Jos. Hall, W. S. Estes to Miss T. Finlay.

Free Art Galleries.

The Society of Arts of Canada, Ltd., is an institution founded to create a more general interest in art. The Society has large galleries in Montreal and Toronto as well as Free Art Schools in both these cities. They have about 150 artist members, and 60 of these are exhibitors at the Paris Salon. The paintings in these galleries are sold at artists' prices, and the Society also holds a drawing weekly in which the public may take part on payment of 25 cents. Canada is too young a country to rely entirely upon sales of good paintings, and hence the privilege is given to the Society to hold distributions. If a painting is not drawn the sender has the satisfaction of knowing that the 25 cents will assist in maintaining the free galleries and free school. Scrip-holders are entitled to purchase the paintings of the Society at 5 per cent reduction. A postal card sent to Mr. F. E. Galbraith, 108 King Street West, Toronto, will send you all information.

Fine China.

Our entire stock of Doulton ware, Royal Worcester ware, and Royal Crown Derby will be cleared out at cost price, for cash only. The sale begins to-day at Davidson Bros., the jewellers, 59 Government Street.

The Bank Exchange.

Private dining rooms up stairs.

Am I an Old Soldier?

Well, I should say so, and am going over the Canadian Railway to Pittsburgh, Penn., to attend the Annual Encampment, September 8 to 10. Fare for the round trip \$65. Tickets on sale September 1, 2 and 3. Return limit, west of St. Paul or Fort William, sixty days from date of sale; east of St. Paul or Fort William, September 26. For full particulars, apply at Canadian Pacific Railway office, corner Fort and Government streets. Geo. L. Courtney, Agent.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

QUIETLY BUT STEADILY—

Without fiction, fuss or flurry, we are clearing out the remainder of our Summer Stock in every branch of Dry Goods. Bargain seekers should inspect. Many lines in Dress Stuffs are reduced to half price.

The City House.

78 Government Street.
Wm. Wilson & Co.

The Interstate Fair.

Tickets on sale every Tuesday and Friday, from August 14th to October 30th inclusive, with final limit of twenty days from date of sale.
E. E. BLACKWOOD,
Agent N.P.R.R. Co.

MARINE MOVEMENTS.

The Grounded "Queen's" Passengers Coming Down From Alaska on the "Topeka."

Large Cargo of British Columbia Lumber for Egypt—Water-side Notes.

The excursion steamer Queen, reported in the COLONIST's special as ashore near Gormant Island, Southeast Alaska, was on her last trip of the season. She carried about sixty passengers, all of whom are now ashore at Spencer's cannery, in the immediate vicinity of the accident. They will return on the regular Alaska steamer Topeka to-morrow. The place where the vessel struck abounds with rocks. Advice received by the Pacific Coast S. S. Co. at San Francisco, state that the steamer Chileat was not signalled for assistance by the Queen, but kept on her way and reported the mishap. The shoal where she went ashore is known as a mud bank. "We are not disturbed by the news that reaches us," said Capt. Minor Goodall. "It is likely that while the vessel was making her way out, a dense fog prevailed, and the accident occurred. Had there been any immediate danger the Chileat would have gone to the assistance of the Queen. Information received by us is to the effect that the Queen will float at high tide and proceed on her voyage to Alaska."

NEW C.P.R. STEAMER.

LONDON, Aug. 25.—(Special)—The new C.P.R. steamer, the Princess Rupert, built for service at Vancouver, was taken out yesterday on her trial trip. She made eighteen and one-half knots an hour, and maintained an even speed throughout. Her builders were well satisfied and express the belief that she will be able to easily go twenty knots an hour. She was launched at Skefmerle.

MARINE NOTES.

The Victoria cabin passengers leaving on the steamship Walla Walla for San Francisco this evening are: R. P. Rithet, Miss Rithet, the Masters Rithet, E. P. Davis, W. R. Shaw, G. H. Haynes, A. Durand, Miss M. Temple, Miss L. Robinson, Mrs. E. Johnson, A. Bushnell and wife, Mrs. L. Mason, E. M. Gates and wife, C. Remington, A. C. McKenzie, A. McBean and P. Currie. Stevedores Gates & McDermott have finished loading the British ship Verazjane's cargo of lumber for Alexandria, Egypt, at Hastings, and the vessel will probably be at sea by Monday. In proportion to her registered tonnage, 1,824 tons, the ship carries 90 per cent. cargo, or 1,630,000 feet of lumber, being about 15 per cent. above the average. The Lorne left for Vancouver with the ship Lismore in tow yesterday. At the Terminal city the Lismore will discharge the balance of the cargo she brought out from England.

The British ship Cape York is on her way here from Nagasaki for orders. She has been over a week on her voyage, and her arrival may be looked for about the middle of next month.

The Norwegian ship Drammen, Capt. Anderson commanding, left Vancouver lumber laden for Amsterdam on Friday.

ENTERED.

Str. Chamer from Vancouver.
"City of Kingston" from Port Townsend.
"Rosalia" from Port Angeles.
"Lorne" from Port Angeles.
"Evangel" from Nanaimo.
"R. P. Rithet" from N. Westminster.

CLEARED.

Str. Chamer for Vancouver.
"City of Kingston" for Port Townsend.
"Rosalia" for Port Angeles.
"Lorne" for N. Westminster.
"Evangel" for Port Angeles.
Ship Lismore for Vancouver.

PERSONAL.

Robert Ward leaves for England to-morrow night.

Captain Collier, inspector of hulls, arrived here from Vancouver last evening.

H. A. Lilley, the Douglas street confectioner, arrived on the Chamer last evening.

M. Proctor, of Vancouver, and F. E. Currie, of Seattle, are guests at the Orientals.

Joseph Hunter and wife returned home from the Mainland on the Chamer last evening.

Rev. C. Bryant, of Mount Tolmie, who has been spending some time on the Mainland this week, returned home yesterday.

E. R. Radpath, agent of the C.P.R. at Melita, Manitoba, who has been spending a few days in Victoria, left for home this morning.

R. P. Rithet and family leave for San Francisco on the Walla Walla this evening. Before returning Mr. Rithet will visit some Western cities.

G. E. Whitty and wife, Tacoma; F. E. Glits and wife, Nanaimo; and D. McBeath, 36 tele, are among those registered at the New England.

D. M. Jameson, Vancouver; Geo. McGowan, of Christ's College; A. C. Harris, Cambridge; B. D. Smalley, Seattle; and C. F. Burryton, wife, P. H. Brooks, G. M. Cokins and M. Brooke, San Francisco, are guests at the Diarid.

Seattle Wants the Oriental Steamers. SEATTLE, Aug. 24.—Local merchants are disposed to show the Northern Pacific Steamship Company that sufficient Oriental freight is consigned to merchants in this city to warrant them in stopping here. From April 1, 1884, to June 30, 1894, the amount of tonnage for Seattle consignees by the various steamship companies was as follows: Northern Pacific steamers, entered at Tacoma, 758 tons; Canadian Pacific steamers, entered at Seattle, 557 tons; Northern Pacific steamers, entered at Seattle, 700 tons; total, 2,015 tons. For Tacoma, over Northern Pacific steamers, 249 tons.

To Guard Against Cholera.

WARSAW, Aug. 25.—A cordon of Cossacks has been established around the town of Bendzin, Prussian Poland, owing to the prevalence of cholera there.

STR. UNATILLA arrived from San Francisco just as the COLONIST was going to press.

Fruit jars, at Cheapside.

The Bank Exchange.

Luncheon will be served as usual, and this evening at 15 cents.

Are you subject to sick headache? Use Eseljay's Liver Lozenges. They will cure you.

One of our mottoes is: "By our wares and our prices you shall know us." Weller Bros., 51 to 55 Fort Street.

I. X. L. Carving Set at Cheapside.

VICTORIA'S VARIOUS SPORTS.

Continued from Page Five.

first two wickets fell quickly, Frost and Jones hitting freely, however, but not without some luck, took the total to 46, when Jones was unfortunately run out. Thomas also batted well for 25. It remained for Anderson and McLean to make the stand of the innings. The latter batted steadily, while Anderson hit freely all round the wicket, and eventually carried out his bat for a dashing and faultless 31. Mr. Holt's eleven started with Wallis and Foulkes, but no prolonged stand was made, though Messrs. Morley, Holt and Wilson all succeeded in getting "doubles." Anderson and Schwengers, the latter especially, bowled well for the Albions, and it is gratifying to see his return to form. The Albions won by 65 runs after a very enjoyable game. The following is the score:

HOWLING ANALYSIS	R.	H.	G.	M.
Wallis.....	50	4	29	6
Morley.....	27	0	14	2
Goward.....	13	1	11	1
Foulkes.....	13	1	4	0
Ward, W. A.....	3	1	1	0
Anderson.....	20	3	17	7
Thomas.....	15	0	2	2
Schwengers.....	30	5	11	0
Warden.....	1	2	4	2

TORONTO, Aug. 25.—A team of Peterboro cricketers visited the city yesterday, playing a match with the Rosedale club. The result was greatly in favor of the local players, largely due to the batting of G. S. Lyon, who compiled 238 runs and was still before the wicket when the stumps were drawn. Lyon is to be captain of the Canadian eleven which plays the Philadelphia next month.

THE GUN.

CHAMPIONSHIP SHOOT.
The one hundred bird match for the provincial championship was shot over the traps of the Union Gun Club at Oak Bay yesterday. The day was an almost perfect one, the contestants in fine form, and as a result some remarkable shooting was done. J. C. Maclure, with a score of 93, broke the record for British Columbia, this being the highest score ever made in the province; F. S. Maclure took second place, with a score of 88. He broke the last 46 birds straight, the longest run ever made in any match in British Columbia. J. C. Maclure and F. S. Maclure each broke 48 out of the last 50 birds. It was a close race for the first 50 birds between Mr. Short and Mr. J. C. Maclure, who were a tie. Changing load and shells they had not been accustomed to throw B. H. John and F. H. Howlings out of the race, as neither of them showed their usual form after the change. The result of the match is to give J. C. Maclure the B. C. Championship for 1894. F. S. Maclure still claims the live bird championship, no contest having taken place since 1893.

The winner of the match, Mr. J. C. Maclure, receives a neat gold badge beautifully engraved and bearing the inscription set in blue enamel, "Championship of British Columbia, 1894."

The day's scores are as follow:

J. C. Maclure.....	93
F. S. Maclure.....	88
H. M. Short.....	85
O. Weller.....	85
B. H. John.....	70
F. H. Howlings.....	68

THE RIFLE.

TORONTO, Aug. 25.—The statistical committee of the Ontario Rifle Association gave out the following result of Thursday's matches:
Mulock, aggregate match, Major Macdonald, 48th Highlanders, 293; Capt. Rogers, 43rd, 293; Lieut. Pringle, R.G., 292.
Extra series No. 3, Lieut. Gilchrist, first, B.P.A., 25; Gunner Pugh, R.C.A., 24; Private Heller, 29th, 24.
Extra series special 800 yards, Major Fox, 20th, 25; Gunner McRobie, British Columbia B.G.A., 25; Private Hayhurst, 13th, 24.

BASEBALL.

Maple Leaves defeated the Fernwood's for the third time at Beacon Hill yesterday afternoon thereby winning the championship. Both teams batted the ball hard. A great one hand catch by J. Barnwell of a liner from W. Winby's bat was the feature. The following is the score:
Maple Leaves..... 2 2 1 5 6 7 8 9
Fernwood..... 2 2 1 0 3 4 2 1 3
The Maple Leaves are open for a challenge from any junior team in the province.

THE WHEEL.

YESTERDAY'S ROAD RACE
Yesterday's fifty mile road race, to Rocky Point and return, was an interesting event in more ways than one, while it served to show that in Frank E. Alley and M. C. Reynard the Victoria Wheelmen's Club have two strong and speedy road men. The former, starting scratch on an absolutely strange wheel, won the time prize as well as the second place in the finish, covering the distance in 3 hours and 7 minutes, inclusive of more than ten minutes lost in repairing a broken pedal. The performance of Captain Reynard was equally creditable; not only did he take first place in the race (riding a Singer wheel over 40 lbs. in weight and a model of four years ago), but the second time prize goes to him. Charles Bush (with a start of 38 minutes) won third, both place and time prize. The starters in the race were Reynard (46 min. start), Bush (38 min.), Hall (30 min.), Wolff and Johnson (21 min.), and Alley, Tiedemann and Gibbons (scratch). The last mentioned two mounted light-tired wheels designed for path work, but too fragile for the roads; though Tiedemann's Stearns came through safely, he found it too light to manage on more than one occasion; the rear tire of Gibbons' wheel punctured soon after the return journey was commenced, and after pushing on for six miles on the rims he was obliged to drop out. Tiedemann had a bad fall on the homeward journey, and Wolff and Johnson broke their wheels. Reynard, the winner of first place, was not once headed from the start. He reached the Point strong and running well at 2:55, and arrived back at the starting point capable of going twenty miles more without distress. Wolff set a hard pace going out and succeeded in overhauling Bush and Hall

and leaving Johnson (also a 21 minute man) 8 1/2 minutes away, reaching the turn at 3:09, 1 hour 30 minutes from town. Bush turned at 3:11; Hall at 3:13 and Johnson at 3:17. The three scratch men kept well together the greater part of the way out, Alley and Tiedemann spurring the last mile of the 25 for the honor of turning first, and turning: Alley, 3:30; Tiedemann, 3:30; Gibbons, 3:31. On the way back the latter two came to grief, as did Johnson and Wolff, the winners in place and time being:

Place.	Time.
M. C. Reynard.....	1 3 hrs. 31 min. 36 sec.
F. E. Alley.....	2 3 " 07 " 17 "
Charles Bush.....	3 4 " 03 " 34 "

The race was watched with great interest all along the road, the residents scoring time and urging the competitors along while offering them water, lemons and other appealing articles as they hurried by. In the city there was considerable interest taken in the sport, many turning out to see the start and waiting for the finish. The competitors are to be bined on Monday evening at the New England hotel by Messrs. M. & L. Young the proprietors.

HERE AND THERE.

The inaugural practice of the season of the Wanderers Association Football Club was held on Beacon Hill yesterday afternoon and was well attended.

LABOR COMMISSION.

Mr. Gompers Thinks the Government Conduct of Railways Practicable.

CHICAGO, Aug. 25.—Before the Labor Commission to-day, Mr.
